

Cardinal Newman Catholic High School

Specialist Maths and Computing College

Head of School: Mrs J Warburton

24 October 2014

Dear Parent/Carer

As part of your child's transition into adulthood it is important they make this journey with accurate information to make positive, well informed choices and develop into confident and healthy adults. As a Catholic community, we aim to support their personal and spiritual development by offering our students a mature and balanced approach to the difficult questions that they face with regard to the appropriate expression of their love for others and relationships.

The key aims of our Sex and Relationships Education programme are to:

- Teach our students about the importance of love and respect within relationships, especially family and marriage.
- Develop in students a sense of their own self-worth and uniqueness as created by God.
- Help students to come to a deeper understanding about themselves as they grow.
- Provide students with accurate, factual information about the reproductive process appreciating the value of human life.
- Facilitate a supportive environment for Sex and Relationships Education to take place where questions can be asked and honestly answered.

The intention of our Sex and Relationships programme is to support and reinforce the valuable message and instruction in regard to Sex and Relationships you provide for your child/children as the main educator of Sex and Relationships.

You are welcome to contact myself to discuss the programme or to view any of the teaching materials used. For an overview of our Sex and relationships programme please refer to our school website following the link for curriculum, Sex and Relationships.

If you wish to withdraw your child from all or part of the schools Sex and Relationships Education programme please could you complete the form below and return to school.

Thank you for your support.

Yours sincerely

AP
A McLOUGHLIN
