## Do you want to be a 'High Flyer'?

Your aim this year is to complete as many challenge tasks as you can.

All curriculum areas have set you a challenge task and the aim of each task is to extend your learning and encourage you to further develop skills in each subject area .

There are 12 challenges for you to undertake and they can be completed in any particular order. Up to a maximum of 10 air miles will be awarded for each task you undertake.

When you have completed a challenge task, you need to submit it to the relevant department—they will determine how many air miles to award and put a stamp in your passport.
