Name: _____

Year Group:_____   Form: _____

Do you want to be a 'High Flyer'?

Your aim this year is to complete as many challenge tasks as you can.

All curriculum areas have set you a challenge task and the aim of each task is to extend your learning and encourage you to further develop skills in each subject area.

There are 12 challenges for you to undertake and they can be completed in any particular order. Up to a maximum of 10 air miles will be awarded for each task you undertake.

When you have completed a challenge task, you need to submit it to the relevant department—they will determine how many air miles to award and put a stamp in your passport.

Are you up to the challenge?
